

## REMARKS

Claims 1-11, 13-22 and 35 are pending in the present application.

Claims 23-34 are canceled.

Reconsideration on the merits is respectfully requested.

The claims are believed to be allowable for the reasons set forth herein. Notice thereof is respectfully requested.

### Objections To Specification

The specification is objected to. The Office contends that monomer II-4 of page 13 fails to meet the general criteria of formula II. The specification has been amended to correct the monomer II-4.

### Rejections under 35 U.S.C. § 112

Claims 1-11 and 13-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to point out and directly claim the subject matter which applicant regards as the invention. The claims were considered unclear due to the inconsistencies with the specification set forth above. The

inconsistency has been rendered moot by amendment of the specification.

Claims 23-34 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirements.

Claims 23-34 are canceled thereby rendering the rejection moot.

#### CONCLUSIONS

All pending claims are now believed to be in condition for allowance. Notice thereof is respectfully requested.
